

Unit A Worksheet 2.4**Tool Identification & Safety Worksheet**

Student Name: _____ Date: _____

Instructions:

You will rotate through three tool safety stations today:

- 1. Measuring & Marking**
- 2. Threading & Fastening**
- 3. Cutting & Holding**

At each station:

- **Identify the tools** provided at your station. *(Your teacher will confirm which items to record.)*
- For **each tool**, write down:
 - **Tool Name** – e.g. *Scriber*
 - **Purpose** – e.g. *Marking fine layout lines on metal*
 - **Safety Tip** – e.g. *Always cap or store safely when not in use*
- **Think critically** about how to use each tool safely. Consider: handling, storage, PPE, and potential hazards.

Take your time, discuss with your group, and ask questions if you are unsure. This worksheet will help you build confidence and stay safe during upcoming practical tasks.

Station 1: Measuring & Marking

Tool Image	Name	Purpose / Function	One Safety Tip (1 sentence each)
			
			
			
			
			

Station 2: Threading & Fastening

Tool Image	Name	Purpose / Function	One Safety Tip (1 sentence each)
			
			
			
			
			

Station 2: Threading & Fastening

Tool Image	Name	Purpose / Function	One Safety Tip (1 sentence each)
			

Station 3: Cutting & Holding

Tool Image	Name	Purpose / Function	One Safety Tip (1 sentence each)
			
			
			
			
			

Station 3: Cutting & Holding

Tool Image	Name	Purpose / Function	One Safety Tip (1 sentence each)
